Rafael,

Can you please provide feedback on the off-site disposal of the liquid and solid waste material. By-the-way, I did ask the lab to go forward with the TCPL testing for benzene of the drummed and 20 cy soil bin waste. I asked for a three day turnaround, so we should have those results back by next Tuesday. I think there is a good possibility that the solids will not fail the TCLP for benzene, so we may be able to avoid the LDR restrictions.

We want to move forward with the liquid waste removal as soon as possible and are waiting on you.

Thanks.

Brett Bowyer, P.G.
